

I am pleased to announce my candidacy for the Forks Township Supervisor Republican nomination in the May 2007 primary.

We have seen many changes to our community in the past few years. We face many challenges as we try to maintain critical public services, update the infrastructure to support our growth, and sustain fiscally responsible policies with our township finances. I believe we need to develop robust recreational opportunities for our children and senior citizens. Improving the quality of life for the residents of Forks Township is a key issue facing our community.

My wife, Jan Billings, and I reside in Forks Township with our three children. I am no stranger to the Lehigh Valley, as I have lived in Hanover and Forks townships for the past 12 years. As an active member of our church, I have held various leadership positions, including actively participating in the Easton annual Crop Walk and serving on the church Vestry for the past two years. Additionally, I am a Co-Board member of the Easton Area High School Swimming and Diving Booster club. In 2006, I was appointed to the Easton Area High School District Local Tax Commission that created a recommendation on the implementation of the Pennsylvania 2006 Taxpayer Relief Act. The School Board subsequently approved the recommendation.

I earned a Bachelor of Arts degree in Business Management from Virginia Wesleyan College and an MBA from Moravian College. My professional career at AT&T has spanned many years, as I have held various leadership positions within the company. I also served with honor and distinction as a member of the United States Navy.

I believe my concern for the community combined with my leadership experience uniquely qualifies me as an ideal candidate for change. As your Forks Township Supervisor, I will serve with integrity, fairness, and concern for all members of our community. I will seek out diverse ideas and opinions to formulate creative solutions to complex issues.

I look forward to the campaign and meeting with my neighbors in the community to discuss our future.

Sincerely,
David Billings
