

Chuss, Egolf will represent people

Two candidates for Forks Township supervisor can best represent the citizens of Forks Township: Erik Chuss, a Republican and longtime resident of Forks, stands out as the leader of the pack along with Democrat Bob Egolf.

Chuss has been involved in local township activities for the past seven years as a member of the Forks Township Planning Commission and understands the needs of our township. Egolf is a current member of the zoning board. Egolf is in tune with the problems the township faces and has a common sense attitude in dealing with issues.
