Support Egolf in Forks Township

Saturday, October 27, 2007

I am writing in support of the candidacy of Bob Egolf for the Forks Township supervisors. I have known him for several years and have worked very closely with him as a fellow board member of the Forks Township Zoning Board.

I have found Egolf to be a very insightful and thoughtful person. He is not afraid to make the hard decisions for the betterment of our township. While I would regret his loss from the zoning board, I feel he will much better serve the residents of Forks as a supervisor.
